

Auditing Procedures Report

Issued under P.A. 2 of 1968, as amended.

Local Government Type <input type="checkbox"/> City <input checked="" type="checkbox"/> Township <input type="checkbox"/> Village <input type="checkbox"/> Other		Local Government Name TOWNSHIP OF GROSSE ILE	County WAYNE
Audit Date 3/31/05	Opinion Date 9/27/05	Date Accountant Report Submitted to State: 9/30/05	

We have audited the financial statements of this local unit of government and rendered an opinion on financial statements prepared in accordance with the Statements of the Governmental Accounting Standards Board (GASB) and the *Uniform Reporting Format for Financial Statements for Counties and Local Units of Government in Michigan* by the Michigan Department of Treasury.

We affirm that:

1. We have complied with the *Bulletin for the Audits of Local Units of Government in Michigan* as revised.
2. We are certified public accountants registered to practice in Michigan.

We further affirm the following. "Yes" responses have been disclosed in the financial statements, including the notes, or in the report of comments and recommendations

You must check the applicable box for each item below.

- ☐ Yes ☒ No 1. Certain component units/funds/agencies of the local unit are excluded from the financial statements.
- ☒ Yes ☐ No 2. There are accumulated deficits in one or more of this unit's unreserved fund balances/retained earnings (P.A. 275 of 1980).
- ☐ Yes ☒ No 3. There are instances of non-compliance with the Uniform Accounting and Budgeting Act (P.A. 2 of 1968, as amended).
- ☐ Yes ☒ No 4. The local unit has violated the conditions of either an order issued under the Municipal Finance Act or its requirements, or an order issued under the Emergency Municipal Loan Act.
- ☐ Yes ☒ No 5. The local unit holds deposits/investments which do not comply with statutory requirements. (P.A. 20 of 1943, as amended [MCL 129.91], or P.A. 55 of 1982, as amended [MCL 38.1132]).
- ☐ Yes ☒ No 6. The local unit has been delinquent in distributing tax revenues that were collected for another taxing unit.
- ☐ Yes ☒ No 7. The local unit has violated the Constitutional requirement (Article 9, Section 24) to fund current year earned pension benefits (normal costs) in the current year. If the plan is more than 100% funded and the overfunding credits are more than the normal cost requirement, no contributions are due (paid during the year).
- ☐ Yes ☒ No 8. The local unit uses credit cards and has not adopted an applicable policy as required by P.A. 266 of 1995 (MCL 129.241).
- ☐ Yes ☒ No 9. The local unit has not adopted an investment policy as required by P.A. 196 of 1997 (MCL 129.95).

INDEPENDENT AUDITOR'S OPINION

To the Board of Trustees
Township of Grosse Ile, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Township of Grosse Ile, Michigan, as of and for the year ended March 31, 2005, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township of Grosse Ile's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Township of Grosse Ile, Michigan, as of March 31, 2005 and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 2, 2005 on our consideration of the Township of Grosse Ile, Michigan's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 9 and 53 through 56 are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United State of America. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Township of Grosse Ile, Michigan basic financial statements. The accompanying other supplemental information, as identified in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The other supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Hungerford & Co.

September 2, 2005

Township of Grosse Ile

Management's Discussion and Analysis

Our discussion and analysis of the Township of Grosse Ile's (the "Township") financial performance provides an overview of the Township's financial activities for the fiscal year ended March 31, 2005. Please read it in conjunction with the Township's financial statements.

Financial Highlights

As discussed in further detail in this discussion and analysis, the following represents the most significant financial highlights for the year ended March 31, 2005:

- The financial report for the year ended March 31, 2005 reflects complete implementation of Governmental Accounting Standards Board Statement Number 34, which significantly changed the content and format of municipal financial reporting. Accordingly, these statements present both entity-wide financial reporting for all governmental and business activities in addition to reporting financial information at the fund level.
- State-shared revenue, our second largest revenue source, was reduced by the State of Michigan by approximately \$20,037 this year, which represents a 2.1 percent decrease from the prior year.
- Property taxes are the Township's single largest source of revenue. The Township's taxable value for fiscal year 2004/2005 was \$589,300,258, which represents an increase of \$23,059,289, or 4 percent.
- The Township has historically been conservative and continuously monitors discretionary spending; as a result, the fund balance of the General Fund increased by \$25,964.
- On December 14, 2004, special assessment limited tax bonds were issued in the amount of \$620,000 for the construction of improvements in the Lake Road, Rucker Road, and Ruthmere Road special assessment districts.
- On January 19, 2005, limited tax general obligation bonds were issued in the amount of \$2,000,000 for the construction of water mains located on East River from Ferry Road to Manchester Road.

Using this Annual Report

This annual report consists of a series of financial statements. The statement of net assets (deficit) and the statement of activities provide information about the activities of the Township of Grosse Ile as a whole and present a longer-term view of the Township's finances. This longer-term view uses the accrual basis of accounting so that it can measure the cost of providing services during the current year, and whether the taxpayers have funded the full cost of providing government services.

Township of Grosse Ile

Management's Discussion and Analysis (Continued)

The fund financial statements present a short-term view; they tell us how the taxpayers' resources were spent during the year, as well as how much is available for future spending. Fund financial statements also report the Township's operations in more detail than the government-wide financial statements by providing information about the Township's most significant funds. The fiduciary fund statements provide financial information about activities for which the Township acts solely as a trustee or agent for the benefit of those outside of the government.

The Township as a Whole

The following table shows, in a condensed format, the net assets as of the current date (in thousands of dollars):

TABLE I

	Governmental Activities		Business-type Activities		Total

Governmental Activities

The Township's total governmental revenues increased by approximately \$741,000 despite decreases in state-shared revenue and interest income. The increase, which represents less than 8 percent, was due primarily to the continuing increase in property taxes.

Expenses decreased by about \$744,000 during the year. The decrease was due to the Township closely monitoring its spending in all other areas.

Township of Grosse Ile

Management's Discussion and Analysis (Continued)

Business-type Activities

The Township's business-type activities consist of the Department of Public Works, the Municipal Airport and Commerce Park, the Grosse Ile Bridge, and the Water's Edge Country Club. The Department of Public Works Fund provides water to residents from the Detroit Water System. The Township provides sewage treatment through a Township-owned sewage treatment plant. Refuse collection and recycling services are provided by an outside commercial entity.

The operating revenue of the Department of Public Works' fund increased by 3.5 percent, even though the Township imposed a 5 percent rate increase for water usage. This increase was passed to absorb the 10.4 percent increase from the City of Detroit for the fiscal year. The operating expenses increased by 4.4 percent, resulting in an overall operating net income of \$749,587. The increase in expenses was due primarily to water purchased from the City of Detroit and increased personnel costs.

The Municipal Airport and Commerce Park Fund is used to account for the airport operations and the Commerce Park complex. In March 2004, the Grosse Ile Municipal Airport entered into a management agreement with John Shade, director, Grosse Ile Tennis Center to provide the management of tennis programs. Revenues from membership fees shall be placed in a separate account maintained by the Township and applied toward utility expenses and other expenses as deemed necessary. The revenues from court and lesson fees shall be allocated on the following percentage-of-gross basis: director 60 percent, airport 30 percent, and donors 10 percent. Revenues and expenses for this activity have been reported in this fund in the amounts of \$64,698 and \$33,931 respectively.

The operating revenue for this fund increased by approximately 5.3 percent and the operating expenses increased by approximately 12.5 percent. The increase in revenue resulted primarily from rent increases. The increase in operating expenses is due to current economic conditions that have increased personnel costs and liability insurance and fuel costs. Operating loss was \$193,696 for the fiscal year.

The Grosse Ile Bridge Fund is used to account for costs associated with the pending litigation related to the condemnation of the Grosse Ile toll bridge. As of March 31, 2005, the costs associated with this taking are reported as a capital asset in the amount of \$285,883.

The Water's Edge Country Club Fund accounts for the operations and maintenance of the golf course, pool, and marina facilities. The facilities are open to the public on a membership and fee basis.

The operating revenue for this fund decreased by approximately 2 percent, and the operating expenses decreased by approximately less than 1 percent. The decrease in revenue resulted primarily from the decline of usage of the golf facility and memberships. The decrease in operating expenses is due to efforts to maintain costs at a minimum to reflect current economic conditions. The two biggest factors affecting the golf course business are the weather and the economy. Operating loss was \$62,777 for the fiscal year.

Township of Grosse Ile

Management's Discussion and Analysis (Continued)

The Township's Funds

Our analysis of the Township's major funds begins on page 12, following the government-wide financial statements. The fund financial statements provide detail information about the most significant funds, not the Township as a whole. The Township Board creates funds to help manage money for specific purposes as well as to show accountability for certain activities, such as special property tax millages. The Township's major funds for 2005 include the General Fund, the Road Improvement Fund, and the Open Space Fund.

The General Fund pays for most of the Township's governmental services. The most significant are general administration and police operations, which incurred expenses of approximately \$1.8 and \$2.7 million, respectively, in the current year. The budget in the General Fund is basically a "maintenance" budget, which means it increases modestly from year to year.

General Fund Budgetary Highlights

Over the course of the year, the Township amended the budget only once to take into account events during the year. The adjustment was made from fund balance to purchase equipment. The Township Board's policy regarding the budget is to avoid making adjustments during the year so that the budget can be used as a financial guide to make financial decisions, and to analyze and maintain the validity of the budget document. As a result, the actual revenues and expenses are usually within 10 percent of budgeted amounts. Overall, the Township departments stayed below the amended budget amounts, resulting in total expenditures and transfers of \$32,042 below budget, however, due to reserve requirements for general fund's operating purposes, the General Fund's unreserved fund balance decreased from \$1,005,911 a year ago to \$949,312 at March 31, 2005.

Capital Asset and Debt Administration

On December 14, 2004, special assessment limited tax bonds were issued in the amount of \$620,000 for the construction of improvements in the Lake Road, Rucker Road, and Ruthmere Road special assessment districts.

On January 19, 2005, limited tax general obligation bonds were issued in the amount of \$2,000,000 for the construction of water mains located on East River from Ferry Road to Manchester Road.

On March 1, 2005, the Township paid off the 1995 Special Assessment Bonds (Limited Tax General Obligations) Series C.

At the end of fiscal year 2005, the Township had approximately \$85 million (net of depreciation) invested in a broad range of capital assets, including land, buildings, bike paths, roads, equipment, and water and sewer lines.

Township of Grosse Ile

Management's Discussion and Analysis (Continued)

Major capital improvements for the fiscal year included the East River water main replacement project from Ferry Road to Manchester Road, the special assessment district road paving projects of Lake, Rucker, and Ruthmere, and the continuation of the sanitary sewer rehabilitation project.

In 2004/2005 the Township spent approximately \$52,000 for a complete computer network system upgrade. This project involved replacing the main fileserver with new equipment running the Microsoft's Windows 2000 operating environment and replacing 24 desktop PC workstations. This upgrade was necessary for efficiency and security purposes.

Economic Factors and Next Year's Budgets and Rates

Due to the extreme economic conditions that every local community is currently facing, the Township's 2005-2006 budget was prepared with the following criteria. First, operating millage revenues will be increased by 3 percent. This can be accomplished because of the strong growth in our tax base. The statewide Tax Reform Act limits growth in taxable value on any individual property to the lesser of inflation or 5 percent. Because of the impact of Proposal A, however, the Township needs to continue to watch its budget very closely. Further, the Township incorporated a 10 percent decrease in state-shared revenue, a 15 percent increase in all employee health insurance premiums, and a 10 percent increase in liability insurance premiums. By limiting other categories of discretionary spending and revisiting how certain services are delivered, the Township was able to balance its budget for the 2005-2006 fiscal year.

As of April 1, 2005, water rates will increase by 5 percent and sewer rates will increase by 10 percent charged to Township residents. Due to large rate increases in previous years, the Township Board felt that the Department of Public Works could absorb the 10.4 percent rate increase imposed by the Detroit Water Board by only increasing rates slightly.

Contacting the Township's Management

This financial report is intended to provide our citizens, taxpayers, customers, and investors with a general overview of the Township's finances and to show the Township's accountability for the money it receives. If you have questions about this report or need additional information, we welcome you to contact the finance department.

Township of Grosse Ile

Governmental Funds Reconciliation of the Statement of Revenue, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended March 31, 2005

Net Change in Fund Balances - Total Governmental Funds **\$ 2,790,307**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures; in the statement of activities, these costs are allocated over their estimated useful lives as depreciation:

Capital outlay	616,264
Loss on disposal of assets	(35,277)
Depreciation expense	(810,053)

Special assessment revenues are recorded in the statement of activities when the assessment is set; they are not reported in the funds until collected or collectible within 60 days of year end

335,700

Repayment of bond principal is an expenditure in the governmental funds, but not in the statement of activities (where it reduces long-term debt)

466,643

Bond proceeds are not reported as financing sources on the statement of activities

(620,000)

Increase in accumulated employee sick and vacation pay is recorded when earned in the statement of activities

(26,973)

Change in Net Assets of Governmental Activities **\$ 2,716,611**

Note I - Summary of Significant Accounting Policies

The accounting policies of the Township of Grosse Ile (the "Township") conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by the Township:

Reporting Entity

The Township operates as a General Law Township under the laws of the State of Michigan. The Township is governed by an elected seven-member Board. The accompanying financial statements present the Township and its component units, entities for which the Township is considered to be financially accountable. Although blended component units are legal separate entities, in substance, they are part of the Township's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the Township (see discussion below for description).

Blended Component Units

The Grosse Ile Building Authority (the "Authority") is composed of a three-member board appointed by the Township's Board of Trustees. Although it is a separate legal entity from the Township, the Authority is reported as if it were a part of the primary government because its sole purpose is to finance and construct the Township's public buildings.

The Grosse Ile/City of Trenton Utilities Authority (the "Authority") was created under Michigan Statute Act 233 of Public Act 1955, as amended, to acquire, construct, and finance water supply improvements. The Authority is composed of three members, two from Grosse Ile and one from the City of Trenton. Although the Authority is presented under this section, there is no joint venture between the two communities. Each community owns, operates, finances, and maintains its own water/sewer system within its jurisdiction. This Authority is used as a funding mechanism for water and sewer projects. There is no intention now or in the future to sponsor a jointly owned venture. Although it is a separate legal entity from the Township, the Authority is reported as if it were a part of the primary government within the Department of Public Works Fund because its sole purpose is to finance and construct water and sewer projects.

Note 1 - Summary of Significant Accounting Policies (Continued)

Discretely Presented Component Units

The Downtown Development Authority (the "Authority") was created under Act No. 197 of the Michigan State statutes to correct and prevent deterioration in the downtown district, encourage historical preservation, and to promote economic development within the downtown district. The supervisor, subject to the approval of the Township Board under the supervision and control of a Board consisting of the Township supervisor and eight members, appoints the Authority. A tax incremental financing plan was instituted to finance the activities of the Authority. In addition, the Authority budget is subject to approval by the Township Board. It is reported within the component unit column in the combined financial statements to emphasize that it is legally separate from the Township.

The Brownfield Authority was created under Michigan Public Act 381 of 1997. Its purpose is to redevelop and reuse the Grosse Ile Airport Commerce Park through the capture of tax revenues generated within the Brownfield District. The tax revenues are used to remediate environmental problems (approved by the Township Board) and for land use and market studies (approved by the State of Michigan Department of Environmental Quality). The members consist of the Airport Commission appointed by the Township Board. A tax incremental financing plan was instituted to finance the activities of the Authority. In addition, the Authority's budget is subject to approval by the Township Board. It is reported within the component unit column in the combined financial statements to emphasize that it is legally separate from the Township.

Jointly Governed Organizations

Jointly governed organizations are discussed in Note 13.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets (deficit) and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Note I - Summary of Significant Accounting Policies (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenue.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual Enterprise Funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund, fiduciary fund, and component unit financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Township considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The following major revenue sources meet the availability criterion: state-shared revenue, district court fines, and interest associated with the current fiscal period. All other revenue items are considered to be available only when cash is received by the Township.

Note I - Summary of Significant Accounting Policies (Continued)

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

The Township reports the following major governmental funds:

General Fund - The General Fund is the Township's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Road Improvement Fund - The Road Improvement Fund is used to account for funds from a tax millage for public improvements to nonresidential and commonly used thoroughfares. It is used to pay certain contract indebtedness under contracts to be entered into with the County of Wayne or contractors for the purpose of providing various improvements and maintenance to roads within the Township and the payment of any special road assessments for Township-owned land. The fund was authorized by a vote of the residents approving a tax levy.

Open Space Fund - The Open Space Fund is used to account for funds from a tax millage for the purpose of purchasing and maintaining privately owned Township land to maintain and preserve the rural setting of the Township. This fund was authorized by a vote of the residents approving a tax levy.

2004 SAD Debt Fund - The 2004 SAD Debt Fund is used to account for principal and interest debt activity related to debt used to construct a road special assessment district. Debt service payments are made from yearly tax assessments and residual monies from interest free pre-payments.

The Township reports the following major proprietary funds:

Department of Public Works Fund - The Department of Public Works Fund accounts for the activities of the water distribution system, sewage collection system, and refuse collection. The fund's primary revenues are generated through user charges from those requesting water and sewer services.

Municipal Airport and Commerce Park Fund - The Municipal Airport and Commerce Park Fund is used to account for the airport operations and the Commerce Park complex. Financing is provided by user charges for the airport and by rental income in Commerce Park. The airport was a naval aviation operation, transferred to the Township, and has some land use restrictions imposed by the FAA.

Note 1 - Summary of Significant Accounting Policies (Continued)

Grosse Ile Bridge Fund - The Grosse Ile Bridge Fund is used to account for costs associated with the pending litigation related to the condemnation of the Grosse Ile toll bridge.

Water's Edge Country Club Fund - The Water's Edge Country Club Fund accounts for the operation and maintenance of the golf course, pool, and marina facilities. The facilities are open to the public on a membership and fee basis.

Additionally, the Township reports the following fund types:

Agency Funds - Agency Funds account for assets held by the Township in a trustee capacity. Agency Funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations.

Capital Projects Funds - Capital Projects Funds are used to account for the construction of major capital facilities and Township infrastructure other than those financed by proprietary and trust funds.

Debt Service Funds - Debt Service Funds are used to account for the accumulation of resources and payment of general obligation bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

Special Revenue Funds - Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes or designated by management to be accounted for in another fund. These funds are classified as Special Revenue Funds due to the limited usage of their assets.

Private sector standards of accounting issued prior to December 1, 1989 are generally followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with the standards of the Governmental Accounting Standards Board. The Township has elected not to follow private sector standards issued after November 30, 1989 for its business-type activities.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Note 1 - Summary of Significant Accounting Policies (Continued)

Proprietary funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the proprietary funds relates to charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

Property Tax Revenue

Property taxes are levied on each December 1 on the taxable valuation of property as of the preceding December 31. Taxes are considered delinquent on March 1 of the following year, at which time penalties and interest are assessed.

The Township's 2004 tax is levied and collectible on December 1, 2004 and is recognized as revenue in the year ended March 31, 2005, when the proceeds of the levy are budgeted and available for the financing of operations.

The 2004 taxable valuation of the Township totaled \$589.3 million (a portion of which is abated and a portion of which is captured by the Brownfield Authority and Downtown Development Authority), on which taxes levied consisted of 3.2019 mills for operating purposes, 1.728 mills for police operations, 1.9666 mills for fire operations and equipment purchases, .9805 mills for open space purchases, 1.6721 mills for road improvements, .4776 mills for recreation operations, .0953 mills for bike path maintenance, .3921 mills for library use, .3234 mills for drainage improvements, .3500 mills for public safety building debt, and 2.06 mills for sewer-related debt. This resulted in \$1.88 million for operating, \$1.01 million for police operations, \$1.15 million for fire operations and equipment purchases, \$571,000 for open space purchases, \$974,000 for road improvements, \$278,000 for recreation operations, \$55,000 for bike path maintenance, \$228,000 for library use, \$188,000 for drainage improvements, \$206,000 for public safety building debt, and \$1.5 million for sewer-related debt. These amounts are recognized in the respective General Funds, Special Revenue Funds, Debt Service Funds, and Enterprise Funds financial statements as tax revenue.

Note 1 - Summary of Significant Accounting Policies (Continued)

Assets, Liabilities, and Net Assets or Equity

Bank Deposits and Investments - Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value. To the extent that cash from various funds has been pooled, pooled investment income is generally allocated to each fund using a weighted average method. The statement of cash flows includes both restricted and unrestricted cash and cash equivalents.

Receivables and Payables - In general, outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances". All trade and property tax receivables are shown as net of allowance for uncollectible amounts.

Noncurrent receivables such as special assessments are recorded at full value, and deferred revenue is recorded for the portion not available for use to finance operations as of year end. Interest income on special assessments receivable is not accrued until its due date.

Inventories and Prepaid Items - Inventories are valued at cost, on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets - Restricted assets of the Department of Public Works Fund consist of cash, municipal pooled investments, and highly liquid assets restricted for replacement of the water and sewer distribution and collection systems and sewer plant capital replacement. Unspent bond proceeds of the Enterprise Funds are required to be set aside for construction. These amounts have also been classified as restricted assets.

Capital Assets - Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the Township as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Note 1 - Summary of Significant Accounting Policies (Continued)

Buildings, equipment, and vehicles are depreciated using the straight-line method over the following useful lives:

Roads and sidewalks	50 years
Bike paths	20 years
Drains	100 years
Water and sewer distribution systems	20 to 100 years
Water and sewer treatment facilities	40 to 50 years
Buildings and building improvements	20 to 50 years
Vehicles	5 to 30 years
Furniture and fixtures	7 to 10 years
Equipment and machines	7 to 20 years
Signs	20 years

Compensated Absences (Vacation and Sick Leave) - It is the Township's policy to permit employees to accumulate earned but unused sick and vacation pay benefits. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability is reported in governmental funds where appropriate except in the General Fund, where it is only reported for employee terminations as of year end.

Long-term Obligations - In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Fund Equity - In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Note 1 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Note 2 - Stewardship, Compliance, and Accountability

Budgetary Information - The annual budget is prepared by the Township Supervisor and adopted by the Township Board; subsequent amendments are approved by the Township Board. Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General Fund and all Special Revenue Funds except that operating transfers and debt proceeds have been included in the "revenue" and "expenditures" categories, rather than as "other financing sources (uses)".

Annual budgets are adopted for all funds. The budget represents a complete financial plan for all activities of the Township for the ensuing fiscal year. The budget document presents information by fund, function, department, and line items. The legal level of budgetary control adopted by the governing body is the department level. Expenditures at this level in excess of amounts budgeted are a violation of State law.

Encumbrance accounting is employed in all funds. Annual appropriations lapse at fiscal year end; encumbrances are not included as expenditures. Encumbrances (e.g., purchase orders and contracts) outstanding at year end are reported as reservations of fund balances since they do not constitute expenditures or liabilities. The amount of encumbrances outstanding at March 31, 2005 is \$0.

The budget process begins with a strategy meeting in December with the Township supervisor, Township manager, and finance director to plan and prioritize goals and objectives for the upcoming budget year.

Each January, department heads receive workpapers to prepare their individual line item budgets. Upon completion, the department budgets are returned to the finance director for compilation and review. A public meeting with the department managers is held with the Township supervisor, Township manager, and finance director to provide justification of their budgets.

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 2 - Stewardship, Compliance, and Accountability (Continued)

A proposed, balanced budget is then developed and submitted to the Township Board for review. A public hearing on the budget is held before its final adoption. Upon review, and a subsequent public hearing, the Township Board adopts the proposed budget by resolution prior to the commencement of the next fiscal year.

A comparison of actual results of operations to the General Fund and Major Special Revenue Funds budgets adopted by the Township Board is included as required supplemental information. The comparison includes expenditure budget overruns. A comparison of actual results of operations, including budget overruns to all the fund budgets as adopted by the Township Board, is available at the finance department's office for inspection.

Excess of Expenditures Over Appropriations in Budgeted Funds - During the year, the Township incurred expenditures in governmental funds that were in excess of the amounts budgeted, as follows:

	Budget	Actual	Variance
General Fund			
Finance department	\$ 237,946	\$ 240,372	\$ (2,426)
Property tax administration	85,939	86,780	(841)
Township Treasurer	124,415	125,425	(1,010)
Community Development	232,616	268,722	(36,106)
Cable Commission	95,000	95,044	(44)
Professional Services	115,000	173,696	(58,696)
33rd District Court	80,846	80,917	(71)
Police	2,454,840	2,619,212	(164,372)
Transfers out	108,577	260,460	(151,883)

The unfavorable expenditure variances in the General Fund were caused by unanticipated expenditures and transfers that became necessary during the year.

Fund Deficits - The Township has accumulated fund deficits in the following individual funds:

The deficit in the Capital Project Improvement Fund of \$12,789 will be eliminated in future years as future loan reimbursements are received.

The deficit in the Downtown Development Authority of \$339,542 will be eliminated in future years as property tax collections are received.

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 2 - Stewardship, Compliance, and Accountability (Continued)

The deficit in the Brownfield Authority of \$275,410 will be eliminated in future years as property tax collections are received.

Construction Code Fees - The Township oversees building construction, in accordance with the State's Construction Code Act, including inspection of building construction and renovation to ensure compliance with the building codes. The Township charges fees for these services. The law requires that collection of these fees be used only for construction code costs, including an allocation of estimated overhead costs. A summary of the current year activity and the cumulative surplus or shortfall generated since January 1, 2000 is as follows:

Cumulative shortfall at April 1, 2004	\$ (11,984)
Current year building permit revenue	287,137
Related expenses:	
Direct costs	(263,506)
Administrative indirect costs	<u>(5,216)</u>
Cumulative overage at March 31, 2005	<u>\$ 6,431</u>

Note 3 - Deposits and Investments

Michigan Compiled Laws Section 129.91 (Public Act 20 of 1943, as amended) authorizes local governmental units to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations that have offices in Michigan. The local unit is allowed to invest in bonds, securities, and other direct obligations of the United States or any agency or instrumentality of the United States; repurchase agreements; bankers' acceptances of United States banks; commercial paper rated within the two highest classifications, which matures not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions, which are rated as investment grade; and mutual funds composed of investment vehicles that are legal for direct investment by local units of government in Michigan. The Township has designated seven banks for the deposit of its funds. The investment policy adopted by the Board in accordance with Public Act 196 of 1997 has authorized investment in bonds and securities of the United States government, bank investment pool, and bank accounts and CDs, but not the remainder of State statutory authority as listed above.

The Township's deposits and investment policies are in accordance with statutory authority.

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 3 - Deposits and Investments (Continued)

At year-end, the deposits and investments were reported in the basic financial statements in the following categories:

	Governmental Activities	Business-type Activities	Fiduciary Funds	Total Primary Government	Component Units
Cash and cash equivalents	\$ 10,792,644	\$ 580,914	\$ 1,109,133	\$ 12,482,691	\$ 79,901
Investments	939,137	121	-	939,258	-
Restricted assets	-	5,713,460	-	5,713,460	-
Total	<u>\$ 11,731,781</u>	<u>\$ 6,294,495</u>	<u>\$ 1,109,133</u>	<u>\$ 19,135,409</u>	<u>\$ 79,901</u>

Deposits

The breakdown between deposits and investments for the Township is as follows:

	Primary Government	Component Units
Bank deposits (checking accounts, savings accounts, and certificates of deposit)	\$ 18,193,451	\$ 79,901
Investments in securities, mutual funds, and similar vehicles	939,258	-
Petty cash or cash on hand	<u>2,700</u>	<u>-</u>
Total	<u>\$ 19,135,409</u>	<u>\$ 79,901</u>

The bank balance of the Township's deposits is \$4,572,651, of which \$425,485 is covered by federal depository insurance and \$4,147,166 is uninsured and uncollateralized. The Township believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all deposits. As a result, the Township evaluates each financial institution with which it deposits Township funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

The component units' deposits had a bank balance of \$79,920, all of which was covered by federal depository insurance.

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 3 - Deposits and Investments (Continued)

The Township's investments during the year consisted solely of bank investment pools. There was \$9,585,070 invested in such funds of the primary government, fiduciary funds, and component units at March 31, 2005. The bank investment pools are regulated by the Michigan Banking Act, and the fair value of the position in the pool is the same as the value of the pool shares. Investments are normally categorized to give an indication of the level of risk assumed by the Township; however, these funds are not categorized because they are not evidenced by securities that exist in physical or book entry form. The Township believes that the investments in these funds comply with the investment authority noted above.

Note 4 - Receivables

Receivables as of year-end for the Township's individual major funds and the nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	Road Improvement Fund	Open Space Fund	2004 SAD Debt Fund	Nonmajor and Other Funds	Total Primary Government
Receivables:						
Taxes	\$ 191,783	\$ 80,904	\$ 52,041	\$ -	\$ 190,995	\$ 515,723
Special assessments	-	-	-	467,646	302,975	770,621
Accounts	47,802	-	-	-	8,470	56,272
Interest and other	-	4,310	1,220	-	5,043	10,573
Net receivables	<u>\$ 239,585</u>	<u>\$ 85,214</u>	<u>\$ 53,261</u>	<u>\$ 467,646</u>	<u>\$ 507,483</u>	<u>\$ 1,353,189</u>

At year end, all receivables recorded in the Township's component units related to taxes receivable.

Governmental funds report deferred revenue in connection with receivables for revenue that is not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received but not yet earned. At the end of the current fiscal year, the various components of deferred revenue are as follows:

	Unavailable	Unearned
Special assessments	\$ 770,621	\$ -
Other	-	7,744
Total	<u>\$ 770,621</u>	<u>\$ 7,744</u>

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 4 - Receivables (Continued)

The Waters Edge Country Club bills the upcoming summer season dockage fees in January of the applicable year. Deferred revenue is recorded for the amounts collected from January to March 31, 2005.

Note 5 - Capital Assets

Capital asset activity of the Township's governmental and business-type activities was as follows:

	Balance April 1, 2004	Additions	Disposals	Balance March 31, 2005
Governmental Activities				
Capital assets not being depreciated:				
Open space land	\$ 10,121,471	\$ -	\$ 2,557	\$ 10,118,914
Other land	1,172,372	-	-	1,172,372
Subtotal	11,293,843	-	2,557	11,291,286
Capital assets being depreciated:				
Infrastructure	15,987,415	83,523	-	16,070,938
Buildings and improvements	7,434,290	227,904	-	7,662,194
Public safety vehicles	1,697,727	78,973	47,963	1,728,737
Furniture, fixtures, and other vehicles	3,244,191	225,864	88,362	3,381,693
Subtotal	28,363,623	616,264	136,325	28,843,562
Accumulated depreciation:				
Infrastructure	4,193,057	274,810	-	4,467,867
Buildings and improvements	855,691	152,448	-	1,008,139
Public safety vehicles	684,191	237,069	40,239	881,021
Furniture, fixtures, and other vehicles	1,481,640	145,726	63,366	1,564,000
Subtotal	7,214,579	810,053	103,605	7,921,027
Net capital assets being depreciated	21,149,044	(193,789)	32,720	20,922,535
Net capital assets	\$ 32,442,887	\$ (193,789)	\$ 35,277	\$ 32,213,821

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 5 - Capital Assets (Continued)

	Balance April 1, 2004	Additions	Disposals	Balance March 31, 2005
Business-type Activities				
Capital assets not being depreciated:

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 6 - Interfund Receivables, Payables, and Transfers

The composition of interfund balances is as follows:

Receivable Fund	Payable Fund	Amount
Due to/from Other Funds		
General Fund	Nonmajor governmental funds	\$ 203,171
	Grosse Ile bridge	285,883
	Department of Public Works	32,850
	Municipal Airport and Commerce Park	87,591
	Water's Edge Country Club	<u>297,605</u>
	Total General Fund	<u>907,100</u>
Road Improvement Fund	Department of Public Works	8,652
	Open Space Fund	<u>875,000</u>
	Total Road Improvement Fund	<u>883,652</u>
Nonmajor governmental funds	Nonmajor governmental funds	<u>23,064</u>
	Total	<u>\$ 1,813,816</u>
Receivable Fund	Payable Fund	Amount
Due from Component Unit		
Municipal Airport and Commerce Park	Component unit - Brownfield Authority	<u>\$ 80,000</u>
Receivable Fund	Payable Fund	Amount
Component Units - Due from Primary Government		
Component unit - Downtown Development Authority	Agency Fund - Tax collection fund	\$ 111,060
Component unit - Brownfield Authority	Agency Fund - Tax collection fund	<u>18,416</u>
	Total	<u>\$ 129,476</u>

These balances result from the time lag between the dates that goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 6 - Interfund Receivables, Payables, and Transfers (Continued)

Interfund transfers reported in the fund financial statements are comprised of the following:

Fund Providing Resources	Fund Receiving Resources	Amount
General Fund	Nonmajor governmental funds	\$ 200,425
Nonmajor governmental funds	General Fund	56,896
Nonmajor governmental funds	Nonmajor governmental funds	47,955
General Fund	Water's Edge Country Club	60,035
	Total	<u>\$ 365,311</u>

The transfers to and from the General Fund to the nonmajor governmental funds represent the use of unrestricted resources to finance those programs, in accordance with budgetary authorizations; the transfer from the Municipal Airport to the nonmajor governmental funds represents a transfer of monies in excess of allowable grant expenditures.

Note 7 - Long-term Debt

The Township issues bonds to provide for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the Township. State and county contractual agreements and installment purchase agreements are also general obligations of the government. Special assessment bonds provide for capital improvements that benefit specific properties, and will be repaid from amounts levied against those properties that benefited from the construction. In the event that a deficiency exists because of unpaid or delinquent special assessments at the time a debt service payment is due, the Township is obligated to provide resources to cover the deficiency until other resources (such as tax sale proceeds or a re-assessment of the district) are received.

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 7 - Long-term Debt (Continued)

Long-term obligation activity can be summarized as follows:

	Number of Issues	Interest Rate Ranges	Principal Maturity Ranges	Beginning Balance	Additions	(Reductions)	Ending Balance	Due Within One Year
Governmental Activities								
General obligation bonds:								
Sanitary drain bonds	1	3.15%-7.50%	\$131,392- \$288,340	\$ 861,745	\$ -	\$ (131,643)	\$ 730,102	\$ 163,140

Advance Refundings In prior years, the Township defeased certain bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust accounts' assets and liabilities for the defeased bonds are not included in the general purpose financial statements. At March 31, 2005, \$1,520,000 of bonds outstanding are considered defeased.

Note 8 - Restricted Assets

The balances of the restricted asset accounts are as follows:

	Department of Public Works	Municipal Airport and Commerce Park	Waters Edge Country Club	Total Business- type Activities
Unspent bond proceeds and related interest	\$ 811,464	\$ 37,944	\$ 5,891	\$ 855,299
Sewer plant improvements	2,822,668	-	-	2,822,668
Water and sewer distributive and collective systems	2,035,493	-	-	2,035,493
Total restricted assets	\$ 5,669,625	\$ 37,944	\$ 5,891	\$ 5,713,460

Restricted Assets - Undrawn bond proceeds reported in the Township's Department of Public Works represent funds available for future draws on the Sanitary Sewer Rehabilitation Project Bonds. Debt has been recorded by the Township for 100 percent of the amount of funds available under this bond issue.

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 9 - Risk Management

The Township is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The Township has purchased commercial insurance for medical claims as of March 1997; however, the Township still maintains a self-insurance plan for dental claims only. The Township participates in the Michigan Municipal League risk pool for claims relating to workers' compensation and the Michigan Township Participating Plan for property loss, torts, and errors and omissions. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

The Michigan Township Participating Plan operates as an insurance purchasing pool for local units of government in Michigan. The plan purchases commercial insurance on behalf of its members at a lower cost than would be available on an individual basis.

The Michigan Municipal League risk pool program operates as a claims servicing pool for amounts up to member retention limits and operates as a common risk-sharing management program for local units of government in Michigan. Member premiums are used to purchase excess insurance coverage and to pay member claims in excess of deductible amounts.

Note 10 - Defined Benefit Pension Plan

Plan Description - The Township participates in the Michigan Municipal Employees' Retirement System (the "System"), an agent multiple-employer defined benefit pension plan that covers all employees of the Township. The System provides retirement, disability, and death benefits to plan members and their beneficiaries. The System issues a publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the System at 1134 Municipal Way, Lansing, MI 48917.

Trend information is as follows:

	Fiscal Year Ended March 31		
	2003	2004	2005
Annual pension costs (APC)	\$ 330,108	\$ 480,448	\$ 601,729
Percentage of APC contributed	100%	100%	100%
Net pension obligation	\$ -	\$ -	\$ -

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 10 - Defined Benefit Pension Plan (Continued)

	Actuarial Valuation as of December 31		
	2002	2003	2004
Actuarial value of assets	\$ 9,863,436	\$ 10,806,524	\$ 11,774,520
Actuarial Accrued Liability (AAL)	13,099,309	14,062,027	15,566,691
Unfunded AAL (UAAL)	3,235,873	3,255,503	3,792,171
Funded ratio	75.3%	76.8%	75.6%
Covered payroll	\$ 3,059,169	\$ 3,058,784	\$ 3,123,219
UAAL as a percentage of covered payroll	106%	106%	121%

At March 31, 2005, members consisted of the following:

	Active Employees	Retired Employees*
Police	17	9
Dispatch	6	2
Fire	2	1
Union	22	7
Administration	14	14
Total	61	33

*Retired employees include beneficiaries currently receiving benefits and terminated employees entitled to benefits, but not yet receiving them.

Funding Policy - The obligation to contribute to and maintain the system for these employees was established by negotiation with the Township's competitive bargaining units and requires a contribution from the employees of 1.0 percent of gross wages for public safety employees.

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 10 - Defined Benefit Pension Plan (Continued)

Annual Pension Cost - For the year ended March 31, 2005, the Township's annual pension cost of \$601,729 for the plan was equal to the Township's required contribution. The annual required contribution was determined as part of an actuarial valuation at December 31, 2004, using the entry age actuarial cost method. Significant actuarial assumptions used include: (a) an 8 percent investment rate of return, (b) projected salary increases of 4.5 percent per year, and (c) 2 percent per year cost of living adjustments. Both (a) and (b) include an inflation component of 4.5 percent. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility over a four-year period. The unfunded actuarial liability is being amortized as a level percentage of payroll on a closed basis. The remaining amortization period is 30 years. Annually since 1997, the Township has been budgeting and voluntarily contributing an extra \$100,000 above the recommended required contribution to work toward a 100 percent funding level.

Note 11 - Reserved and Designated Fund Balances

Net assets of governmental activities have been reserved for the following:

Restricted net assets:

Roads	\$ 4,178,986
Fire operating and equipment	1,952,150
Recreation	186,477
Library	279,511

Drains	626,574
Open Space	39,448
Capital projects	<u>309,445</u>

Restricted net assets: \$ 8,268,764

Fund balance of the General Fund has been designated for the following purposes:

Debt service	\$ 176,425
Advance to Grosse Ile Bridge Fund	285,883
Subsequent year's expenditures	<u>1,930,002</u>
Total	<u>\$ 2,392,310</u>

Township of Grosse Ile

Notes to Financial Statements March 31, 2005

Note 11 - Reserved and Designated Fund Balances (Continued)

Net assets of the Department of Public Works have been reserved for the following:

Sewer plant improvements	\$ 2,822,668
Water and sewer distributive and collective systems	<u>2,035,493</u>
Total restricted net assets	<u>\$ 4,858,161</u>

Note 12 - Contingent Liabilities

During the ordinary course of its operation, the Township is a party to various claims, legal actions, and complaints.

The Township adopted a Resolution and Statement of Necessity dated June 9, 2003, whereby indicating its intention to acquire, by its power of eminent domain, the real and personal property belonging to the Grosse Ile Bridge Company. The Resolution of Necessity authorizes and directs the Township, via its legal counsel, to institute legal proceedings against parties in interest of the subject property for public purposes. In accordance with the provisions of MCL 212.55(1), the Township submitted a good faith offer for acquisition of the above property in the amount of \$4,293,000. This good faith offer was rejected on behalf of the Grosse Ile Bridge Company.

As of September 15, 2003, the Township has the legal authority to sell general obligation capital bonds, pursuant to Act 34, Public Acts of Michigan 2001, as amended, in an amount not to exceed \$10,000,000 for the purpose of paying the costs of acquiring the property and bridge and making certain capital improvements to the subject property.

On August 1, 2003, a Condemnation Complaint and Demand for Jury Trial was filed with the Court entitled *Township of Grosse Ile Bridge Company Case No. 03-325491 CC*. This complaint was prepared and filed in compliance with the provisions of the Resolution of Necessity and such statutes authorizing the Township to carry out the intent of said resolution regarding the taking of the subject private property. This case is presently pending at the Michigan Court of Appeals No. 255759.

The Township, along with several other communities, was issued a "Notice of Noncompliance" from the State of Michigan Department of Environmental Quality (the "Department") for alleged failure to comply with terms and conditions of a permit for discharge of wastewater and sewage.

Note 12 - Contingent Liabilities (Continued)

The Township Board has agreed to the terms and conditions of an administrative consent order issued by the Department dated April 26, 2001. Under terms of the consent decree, the communities are required to undertake construction projects to expand and upgrade the system. The Township has issued bonds of \$40,000,000 to pay for costs related to the system improvements. The modifications to the system are substantially complete; however, contractual issues with the contractors of the project have arisen relating to the completion of the improvements. In substance, the contractors seek compensation in addition to the amounts specified under the contractual arrangements to which the Township is a party. The litigation involving one contractor has consisted only of the filing of the asserted claims in Wayne County Circuit Court. Discovery has not yet commenced and there has been no case schedule set. This contractor has not yet quantified the amount sought by it in the litigation, but the amount is believed to exceed \$5 million. The claims asserted by the two other contractors are the subject of separate litigation also pending in Wayne County Circuit Court. The amount currently sought by these contractors in total is estimated to be in excess of \$3 million.

The Township will continue to respond to the claims against them by vigorously contesting any liability. However, because of the early stage of the litigation, the Township's attorney is unable to render an evaluation of the likelihood of an unfavorable outcome or an estimate of the amount or range of potential loss.

Note 13 - Joint Venture

The Township is a member of the 33rd District Court (the "Court"), which provides judicial services to the member communities. The Court receives its operating revenue principally from fines and fees, in addition to annual funding contributions from member communities. During the current year, the Township received approximately \$12,648 from the Court, representing the Township's share of the Court's net activity. The Township is unaware of any circumstances that would cause an additional benefit or burden to the participating communities in the near future, other than the fluctuation of case loads, which impacts the Township's share of the Court debt. Complete financial statements for the Court can be obtained from the administrative offices at: 19000 Van Horn Road, Woodhaven, MI 48183.

During 1995, the Township and various other surrounding communities entered into an installment purchase agreement with a bank on behalf of the Court. The communities collectively agreed to finance the construction of an addition to the Court for a total cost of approximately \$2,000,000.

Note 13 - Joint Venture (Continued)

The intention of the Court is to make the monthly interest and principal payments on behalf of the communities. In the event that payments are not received by the bank when due, each community will be responsible for its proportionate share of the debt based on Court usage. The Township's original estimated share of this debt was anticipated to be 4.12 percent but has been averaging approximately 3 percent to 4 percent over the past several years. The Township's portion of the related building addition, their equity interest, and debt obligation in the Court has been deemed insignificant by the Township and has not been recorded in the statement of net assets as of March 31, 2005.

For each community, the "share" is the percentage of total amount of any payment due equal to a fraction, the numerator of which is the total cases handled by the Court for that community from January 1 to December 31 of the year immediately preceding the year in which the payment is due, and the denominator of which is the total number of cases handled by the Court for the same time period. The share of the Township through December 31, 2004 approximated 4.01 percent. Principal and interest payments made by the Court on the Township's behalf during the year totaled \$3,431 and \$2,762, respectively. The Court has set aside certain funds of the Township in anticipation of its future debt requirements. The Township has not recorded these amounts held by the Court since it is not anticipated that they will be made available currently, nor can they be used for purposes other than debt retirement.

Note 14 - Other Postemployment Benefits

The Township has elected to provide postemployment health, dental, vision, and life insurance benefits to all eligible full-time retired employees and their beneficiaries. The government pays the full cost of coverage for these benefits. The Township includes pre-Medicare retirees and their dependents in its insured health care plan, with no contribution required by the participant (other than specific co-pays). The Township purchases Medicare supplemental insurance for retirees eligible for Medicare. Currently, 26 retirees are eligible for post-employment health benefits. For the fiscal year ended March 31, 2005, the Township made payments for postemployment health benefits of \$261,374. The government obtains health care coverage through private insurers.

Note 14 - Other Postemployment Benefits (Continued)

Upcoming Reporting Change - The Governmental Accounting Standards Board has recently released Statement Number 45, *Accounting and Reporting by Employers for Postemployment Benefits Other Than Pensions*. The new pronouncement provides guidance for local units of government in recognizing the cost of retiree health care, as well as any "other" postemployment benefits (other than pensions). The new rules will cause the government-wide financial statements to recognize the cost of providing retiree health care coverage over the working life of the employee, rather than at the time the health care premiums are paid. The new pronouncement is effective for the year ending March 31, 2009.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Township of Grosse Ile, Michigan
Wayne County, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Township of Grosse Ile, Michigan as of and for the year ended March 31, 2005, which collectively comprise the Township of Grosse Ile, Michigan's basic financial statements and have issued our report thereon dated September 2, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Grosse Ile, Michigan's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce, to a relatively low level, the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that we have reported to the management of the Township of Grosse Ile, Michigan in a separate letter dated September 2, 2005.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Grosse Ile, Michigan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters that we have reported to the management of the Township of Grosse Ile, Michigan in a separate letter dated September 2, 2005.

This report is intended solely for the information and use of the audit committee, management, the Board of Trustees and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR
PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133**

Board of Trustees
Township of Grosse Ile, Michigan
Wayne County, Michigan

Compliance

We have audited the compliance of the Township of Grosse Ile, Michigan with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended March 31, 2005. The Township of Grosse Ile, Michigan's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Township of Grosse Ile, Michigan's management. Our responsibility is to express an opinion on the Township of Grosse Ile, Michigan's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Township of Grosse Ile, Michigan's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Township of Grosse Ile, Michigan's compliance with those requirements.

In our opinion, the Township of Grosse Ile, Michigan complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended March 31, 2005.

Internal Control Over Compliance

The management of the Township of Grosse Ile, Michigan is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Township of Grosse Ile, Michigan's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control structure that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce, to a relatively low level, the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Township of Grosse Ile, Michigan as of and for the year ended March 31, 2005, and have issued our report thereon dated September 2, 2005. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Township of Grosse Ile, Michigan's basic financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, the Board of Trustees and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF GROSSE ILE, MICHIGAN
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED MARCH 31, 2005

NOTE 1 -

The accompanying Schedule of Expenditures of Federal Awards includes federal grant activity of the Township of Grosse Ile, Michigan and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations".

NOTE 2 -

Major programs are identified in the Summary of Auditor's Results section of the Schedule of Findings and Questioned Costs.

NOTE 3 -

The program with total funds expended of \$300,000 or more (Type A programs) was Capitalization Grants for State Revolving Funds. This Type A program was not considered low-risk and was required to be tested as a major program. The Township qualified as a low-risk auditee. Therefore, 25% of total federal awards expended were tested as major programs. The Capitalization Grants for State Revolving Funds program also satisfied this requirement.

TOWNSHIP OF GROSSE ILE, MICHIGAN
